Spring 2022

Stitches: 63 W x 217 H

I recommend using 14 count Aida fabric with 2 strands of DMC floss. If you want the project to be larger, use 11 count Aida fabric with 3 strands of DMC floss. If you want the project to be smaller, use 16 or 18 count fabric and 1 strand of DMC floss.

Aida size:	Project size:	
11 count:	5.55 x 19.73 inch	14,09 x 50,11 CM
14 count:	4.36 x 15.5 inch	11,07 x 39,37 CM
16 count:	3.81 x 13.56 inch	9.68 x 34.45 CM
18 count:	3.39 x 12.06 inch	8,61 x 30,62 CM

Finished sizes do not include margins - ideally you should add 2" (5 CM) on all sides for framing purposes.

Color scheme

Please note that these colors are a suggestion and you can always substitute the colors with your own choices!

Additionally, this project can be finished in one color or using one or multiple variegated threads. To finish the project in one color you will need approximately 20 yards of floss or 2.5 skeins.

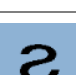

Floss List & Symbols

Estimated Meters/yards for full threads based on **14ct Aida when stitched with 2 of the 6 threads**. These are estimates no rights can be derived from this calculation.
If you ordered the supply kit this is the order your threads will come in!
